Teledyne API and Thermo Analyzer Updates

Teledyne API

- Analyzer Series is the T-Series
 - Issues with the T300 series – CO Detectors
 - Pump Changes for the NOx analyzer (may happen in CO too)
-

Thermo

- New Analyzer series is the iQ
 - Same guts, but more diagnostics – Remote access?
 - Were issues with Firmware (software)
 - Delivery was suspect, but much improved now
 - Old iSeries parts are still available
-

Siemens, CAI, Others

- Siemens has the new 7 series available
 - CAI NOx is now the 700 series
 - Brand-Gaus / ABB NOx analyzer?
 - Rosemount 951C and Rosemount MLT/CLD/NGA
-
